

VAT in *BLACK & WHITE*

NHS VAT INSTANT UPDATE: April 2010

Introduction

Berthold Bauer is the Healthcare VAT & TAX specialist, working with the National Health Service and Government Agencies throughout the United Kingdom.

The '**VAT in Black & White**' newsletter provides recent VAT and Tax news and developments which affect all NHS and Government bodies.

Online VAT Returns

We have been informed that all NHS bodies and Government Agencies should now have the ability to submit their VAT returns online including their VAT 21 forms (for Contracted Out Services reporting).

The first obligatory return to be submitted online is for the April 2010 period [due by end of May].

HMRC has already sent out letters to all NHS bodies to be actioned. 'Online' codes will then be issued along with relevant guidance on how to complete returns. If you have not already received your letter it is important you contact HMRC, as soon as possible, to request assistance with registration before the April 2010 return is due to be submitted.

The above information is for guidance purposes only and should not be acted on without proper consideration of the particular circumstances or seeking Professional advice. Every effort has however been made to ensure statements are as accurate as possible

If you have any VAT enquiries, Berthold Bauer are happy to offer their **FREE** expert VAT advice
